ABOUT FNCSI

FNCSI is a not for profit, non-political, non-governmental Business Membership Organization (BMO). It has its networks all over Nepal, it compasses through District Chapters. Individual MCSI can get the General Membership at the District Chapters; so far there are about 35,000 general members of FNCSI in all District Chapters. Beside the general members and District Chapters, FNCSI's membership comprises of Institutional Membership, Associate Members and Co-operative members. Till the date there are 20 Institutional Members as the National level Commodity Associations and or Federations. And these all have their own general members and chapters in the districts. And the industrial enterprises with paid up capital more than 5 million (USD 50,000) can get the associate membership, so far there are about 100 such associate members. To bridge the gap of gender disparities and streamline the efforts of women entrepreneurships, FNCSI has provision of Women Entrepreneurs Committees (WECs) from Central, Province and District Level. Currently Central Women Entrepreneur Committee at the center and has 60 district networks. WECs is now recognized as a largest network of women entrepreneurs in Nepal.

FNCSI is facilitating to promote MCSI enterprises to create industrial friendly environment in the nation including industrial capacity building program i.e. training, workshops, seminars, interaction, industrial observation tour, counseling, participation in national and international trade fair. FNCSI is playing vital role in national level policy formulation and implementation including its primary focus on protection and promotion of rights of micro, cottage and small industries in Nepal.
